## Why Monitor an Alarm System?

An alarm system is essentially a monitoring system .

It detects... It responds... It reports...

If the reporting mechanism is missing then the alarm system loses it's true effectiveness.

## Why Monitor with Frank O'Neill Group?

- We monitor the performance of the monitoring centre.
- Our daily reports identify service requirements.
- 1A Grade monitoring room, inspected personally by our managing director Guy O'Neill
- Exceptional Monitoring options.
- Ease of Use for the alarm user.
- Secure Internet account logon.
- Superior alarm event communication.
- High Speed notification system, via phone, email and sms.
- 3G video verification capability.
