Basic Series
steel plate door and body
\$15,000 insurable value

Commerce Series
steel + concrete body steel door
\$25,000 insurable value

Premier Series
steel & concrete door + body
\$45,000 insurable value

Commander Series
steel & concrete door + body
\$100,000 insurable value

Businesses should consider the larger security storage solutions for files... tools... more valuable inventory... excellent for Chemist drug storage...
Mobile Phone outlets... holding customer possessions overnight... cigarettes... no high insurable values but will certainly deter theft and prevent
the inconvenience of a mass loss of smaller items from the break & enter thief.

Record Safe Series
steel + Concrete to provide large
volume fire protection and
security
Approx \$15,000 insurable

Record Safe Series with file cabinet insert for large volume of file
storage with true security and fire resistance

Security Cabinet Series for large
volume security storage

Guardall above ground floor safe
and
Guardall inground floor safe
Well priced allrounder

Austral inground floor safe
TDR door for superior protection

Collector Inground Floor Safe for
larger storage solutions

Inground safes are excellent for both theft protection and for fire resistance. The above ground versions provide the convenience of top opening safes without the need for getting down on your knees to open the safe... being cased in concrete and a top opening door they also provide excellent fire protection.

Deposit Safes for Business allow the trimming of excess funds laying in cash tills as well as the deposit of money by employees without the need to have safe combination details... an excellent choice for cash flow businesses... retail... restaurants... schools... service stations... All of the Business Safes on page one can be custom made to include a deposit drawer to provide a superior protection with the convenience of the deposit feature...
