

SECURITY MONITORING SOLUTIONS

**FRANK O'NEILL
GROUP**

An alarm system is essentially a monitoring system .

It detects... It responds... It reports...

If the monitored reporting mechanism is missing then the alarm system loses it's true effectiveness.

WHY MONITOR WITH THE FRANK O'NEILL GROUP ?

- Secure User Internet Logon.
- Logon to view your alarm system activity and history.
- Logon to update alarm contact details, phone contacts & more.
- Exceptional Monitoring options.
- Superior alarm event communication.
- Receive daily notifications by email [eg Open & Closes].
- High Speed notification system, via phone, email and sms.
- 3G video verification capability.
